OrgaMove

THE SMART TRANSPORT AND STORAGE BOX

Working more in a team means working less at your own desk. Flexible working in the company and in the home office requires new office concepts. One consequence is that more and more desks can be used by several people.

However, the personal belongings used for work need storage space and must be able to accompany the way to the mobile workplace.

THE PERFECT COMPANION

OrgaMove is designed exactly for this purpose. The box is the perfect companion for the „Clean Desk Policy“, according to which each desk must be left empty and clean. All personal belongings are tidied up and locked away at the end of work.

OrgaMove is the stylish transport box for personal work utensils. Tablet, smartphone or charger; the USB stick for presentations, notepads or keys - the compartments inside create order. The side dividers allow the transport of drinking bottles and coffee cups.

ALL THINGS STOWED

With this box you can go to a meeting, in this box you can store everything you want to have close at hand. Even standing on your desk, OrgaMove is a practical organiser with decorative charm.

**PERFECT
FOR MOBILE WORKING**

red**dot** winner 2020

The box is designed to fit behind a standard pedestal panel with 150 mm height at the end of work.

The housing of OrgaMove is made of impact and scratch resistant plastic. The soft handle is particularly comfortable in the hand when carrying the box.

And if OrgaMove is a little dirty, it can easily be cleaned in the dishwasher.

INDIVIDUAL ACCENTS

With the separately available cups for ballpoint pens, felt-tip pens and highlighters, which can easily be clamped between the side dividers, you can set modern and individual color accents.

OrgaMove can also be printed with your company logo on request.

YOUR ADVANTAGES

- stable transport and storage box made of recyclable plastic
- available in several colors
- scratch and impact resistant
- with integrated dividers for safe transport
- soft handle offers high carrying comfort
- rounded corners create a particularly comfortable haptic
- dishwasher-safe
- logo print on request
- separately available pen cups in several colors
- external dimensions: 324x161x120 mm (WxDxH)
